The Priory Hospital
Chobham Road
Knaphill
Woking

Saturday 25th July 2009

Dear Sir or Madam,

As a Knaphill councillor for Woking Borough Council I receive a variety of concerns from local residents on a weekly basis. I have recently received a number of complaints and expressions of concern about the arrival of ambulances to the Priory Hospital Woking throughout the night and the distinction between the clinic and the nursing home aspects of your activities. In order for me to further my enquiries could you possibly answer the following questions:

- How frequently do ambulances arrive at your site after 10pm and before 8am?
- Are the clinic and nursing home functions of the Knaphill Priory entirely distinct?
- Does the clinic facility include residential accommodation for staff?
- Is the Priory facility in Knaphill Woking a hospital or a nursing home?

I would not wish for these questions to be interpreted as unsupportive of the activities of the Priory in Knaphill. Should you need to, please do contact me for any assistance that you require.

Yours sincerely,

Cllr Olly Wells
