| Yes | No | don't know | Total |
|-----|----|------------|-------|
| 25 | 4 | 4 | 33 |

If an electric shuttle bus was operating to and from your local village centre to Woking town centre would you consider using this service? – if yes, how often do you think you would use the service?

| Yes | No | don't know | Total |
|-----|----|------------|-------|
| 14 | 19 | 0 | 33 |

Comments made

Make parking cheaper please

The 30 minute charge is very important

Make parking cheaper please

A shuttle bus should be direct a - b with no stops

I would only use a shuttle bus if it was cheaper than parking

Would us the mini bus at night

There is not enough small car parks in Woking. It is too centralised. There is not enough car parking in West Byfleet at the Health Centre & there is no parent and child parking

Yes to a mini bus only if it is at a fair price

If charge more for overnight parking, Woking residents should be able to buy a season ticket

I would walk rather than take a mini bus as only park when I can combine a journey

Happy with things as they are

The toilets are very clean

Woking car park is very expensive compared to other Surrey towns

There is adequate public transport

A reduced rate on Sunday would encourage more people to come to the town centre on Sunday

I am not prepared to pay £8 per day to park in Woking - I am annoyed that there is no lower rate further out of the centre
